

FY11 - Zero samples

FY10 - 91 samples

64 Shrimps w/ one Enrofloxacin violation
24 Catfish
3 other fish

FY09 - 201 samples

139 Shrimps
57 Catfish w/ one Enrofloxacin violation
5 other fish w/ one Enrofloxacin violation

FY08 - 106 samples

65 Shrimp w/ one Chloramphenicol violation
41 fish w/ 8 Enrofloxacin and 5 Floroquinolone violations

FY07 - 2 samples

2 fish

FY11-zero samples

FY10

FYI - see the attached communication sent to all stores at 6:30 p.m. today (Friday):

Regards,
Barry Robinson

**This information was launched through EMS to all Harveys stores out of DC5, at 6:30pm today (03/13/09).

Detailed Instructions

This is an Urgent Product Recall. You should stop now and immediately pull this product off the shelf/sales floor. Also, check bargain centers and stockroom for any backstock of this product.

You should mark this task as complete to notify the CSC when all of this product has been removed from the shelf.

Enter the pull amounts on the completion feedback survey.

Be sure to check any inventory produced today.

This must be done within six hours.

Store Disposition Instructions

Please pull all recalled product and destroy at store level.

Please make sure that this is communicated to associates to avoid the restocking of display/shelf with this product. It is urgent you pull this product immediately.

Recall Reason

DOA test high in eurofloxacin

Additional Comments

Reason Code 0054 needs to be entered with the PC Handheld Only. Please enter this in pounds, not in units.

Dispose of per SHOPS

Do not force close this project. If you do not have this product then mark the project as complete and enter 0 in the quantity pulled field.

Barry: Per our conversation, please note the enclosed violative lab sample. Should you have any additional questions please let us know.

Chris: I faxed the lab report to your office. Mark and I will process the paperwork on Monday.

Thanks!

Van
